

**Market Commentary**

- 
**METALS:** December gold futures closed down \$5.80 at \$1,275.70. Prices closed nearer the session low today. Bulls and bears are on a level overall near-term technical playing field amid recent choppy trading.
- 
 December silver futures closed down \$0.295 at \$16.94 today. Prices closed near the session low today and took back most of Monday's good gains. The silver bulls and bears are back on a level overall near-term technical playing field.

**Technical levels for 8<sup>th</sup> Nov, 2017**
